LEAHY'S HOTEL-MOTEL GUIDE & TRAVEL ATLAS

The Green Book  **It Shows the Way**

This Hotel Guide, now in its eighty-third edition, was originally published as a service to hotels. It was purchased as the AMERICAN HOTEL GUIDE in 1896 by the American Hotel Register Company. The name was changed in 1903 to LEAHY'S HOTEL GUIDE. With each successive edition we have tried to make the book more usable; to help it serve more purposes. Yearly presentation of American hotel lists was the original aim of the Guide. 1915 saw the addition of railway distance maps, 1935, Rand McNally road atlas; 1935, U. S. air lines map; 1945, Bus Map; 1947, Motor Courts and Motels.

EXPLANATION OF HOTEL AND MOTEL LISTINGS

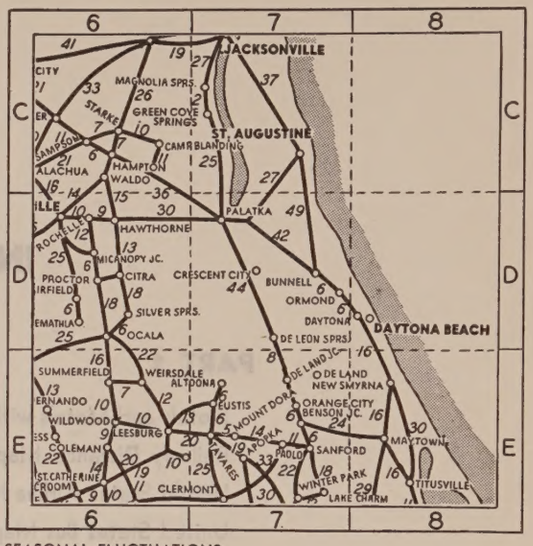

(R) Number of Rooms.
(E) European Plan—Room Only.
(A) American Plan—Room and Meals.

EXPLANATORY MAP

The index number and letter after towns in hotel list indicates the square formed by the intersection of the number and the letter on railway distance map, if dotted lines were drawn. For example, to find New Smyrna, E-8. This city is located in the square E-E and 8-8. The figures, 30, on line from New Smyrna to Titusville indicate that the distance by rail between those points is 30 miles.

The numbers on the airline and bus maps indicate the name of the company which uses the route.

ROOM RATES AS SHOWN ARE SUBJECT TO BUSINESS AND SEASONAL FLUCTUATIONS

UNITED STATES MILEAGE TABLE How to find distances between cities in this table. Follow down the vertical column under the name which is first in alphabetical order until it intersects the horizontal column opposite the second name. This figure is the approximate distance in miles between the two cities. For example, the distance between Denver, Colo. and Los Angeles, Calif. is 1157 miles.

IMPORTANT NOTICE
All persons (aliens and American citizens) must stop and report for customs inspection before entering the United States. There is a penalty for failure to report. It is advisable that persons departing from the United States check with custom officials regarding re-entry.

How to find distances between cities in this table
Follow down the vertical column under the name which is first in alphabetical order until it intersects the horizontal column opposite the second name. This figure is the approximate distance in miles between the two cities. For example, the distance between Evansville and Indianapolis is 168 miles.

For Illinois see pages 40-41
For Kentucky see pages 38–39

How to find distances between cities in this table
Follow down the vertical column under the name which is first in alphabetical order until it intersects the horizontal column opposite the second name. This figure is the approximate distance in miles between the two cities. For example, the distance between Cincinnati and Columbus is 106 miles.

Entering Canada or Mexico

GENERAL. Citizens of the United States may drive their cars and trailers into Canada or Mexico and tour either country for pleasure without passports and upon observance of the simple formalities outlined below. It is advisable for all citizens to carry with them; (a) ample means of personal identification; (b) proof of citizenship, such as a birth certificate or naturalization papers; and (c) driver's license, bill of sale for car, certificate of title, state license identification card, or other proof of ownership.

Alien residents of the United States must be able to show proof of legal entry when re-entering the United States. This matter should be taken up with the immigration authorities before leaving the United States. Their offices are located at ports of entry and in all principal cities.

Clothing, sporting equipment and other ordinary personal effects, including cameras, and a limited supply of cigars, cigarettes and tobacco are admitted into either country without duty after inspection by customs authorities. Cameras of foreign manufacture should be registered with the customs office before leaving the United States.

Because many insurance policies do not apply beyond the limits of the United States, it is wise to examine yours before leaving the country.

ENTERING CANADA. Tourists entering Canada require no passports and pay no entry fees. Identity and legal residence in the United States must be established with the Canadian immigration officer at the point of entry and baggage will be inspected and a permit for the admission of the automobile will be issued by the Canadian customs official at the same point.

The tourist who plans to leave Canada at the same port through which entry was made may obtain a permit for the admission of his automobile for a period of 48 hours by surrendering his state license card, which is returned to him upon his departure. A permit for the entry of an automobile for a period up to six months will be issued after the owner has filled out a prescribed form upon arrival in Canada. This permit allows the motorist to leave Canada at any port of exit he chooses.

There is no regulation governing the amount of United States or Canadian money which may be taken into or out of Canada.

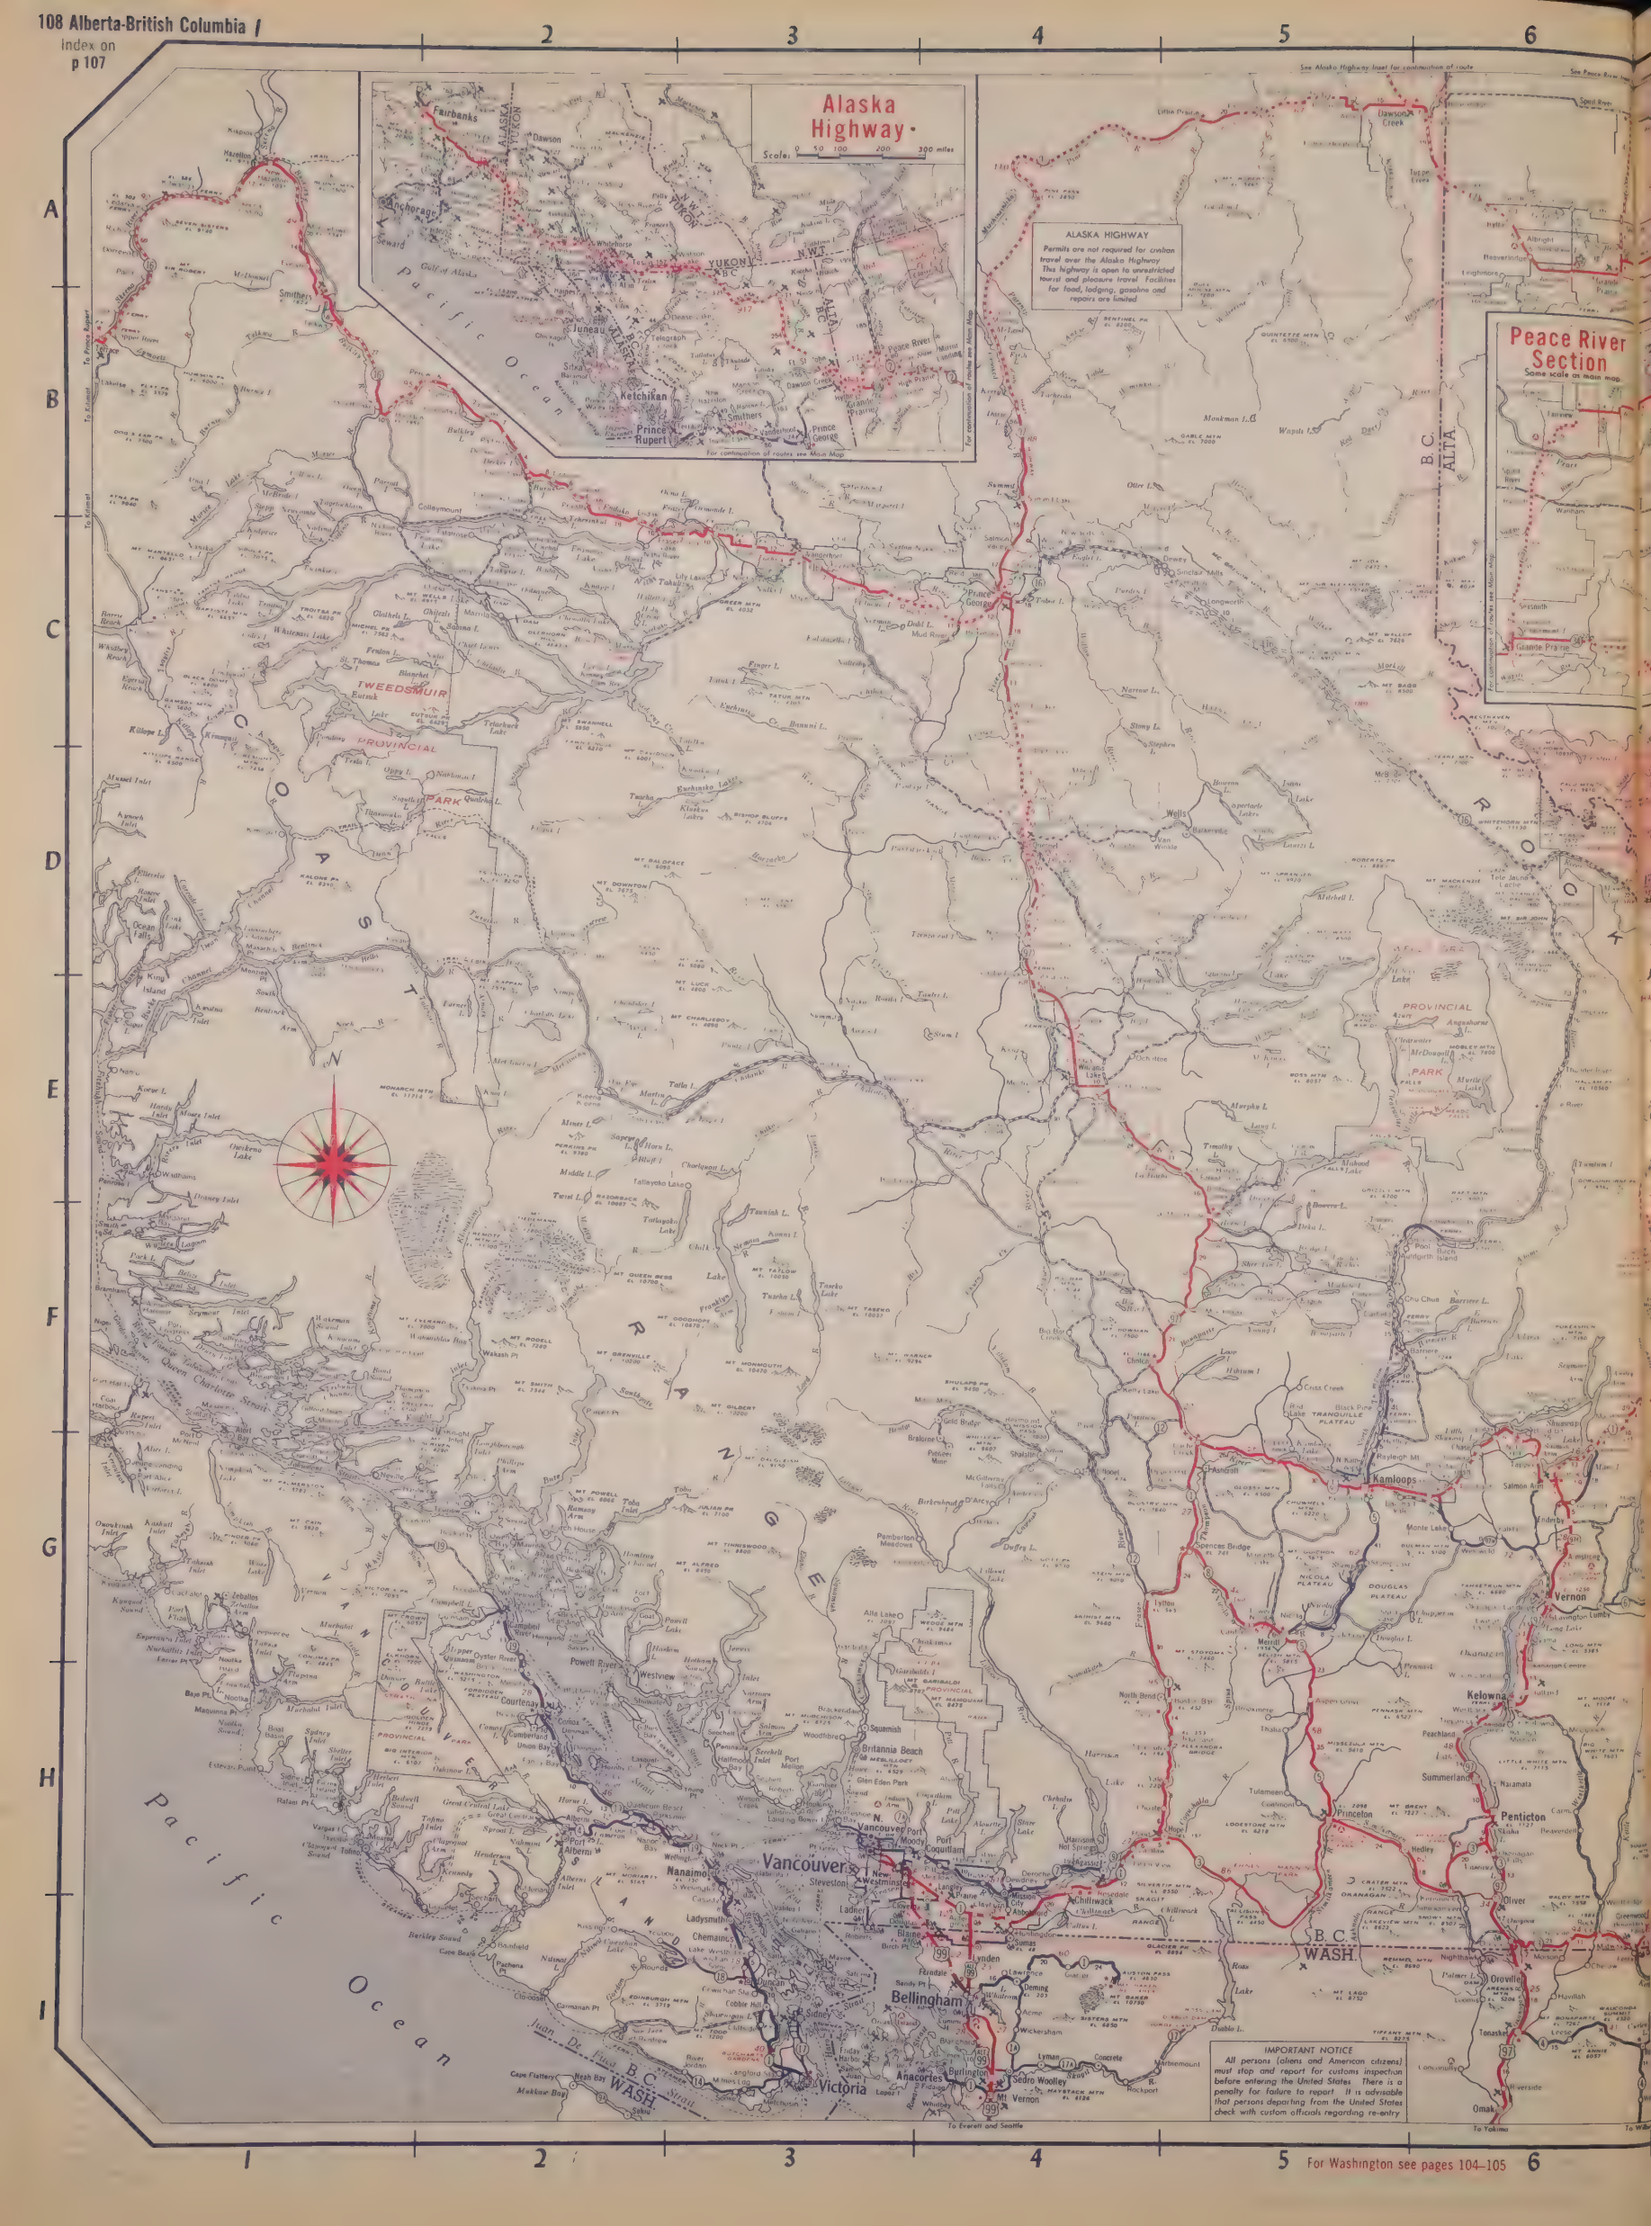

ENTERING MEXICO. No passports are required of residents of the United States entering Mexico for touring. Tourists cards are required of all persons over 15 years of age. These cards are issued by immigration authorities at the border and by Mexican Consulates in all principal U.S. cities.

Tourists' automobiles are registered at the border upon proof of ownership and a touring permit for a period of six months is issued free. This permit may be extended upon further application. If the automobile is to be taken out of the country through any point other than the place of entry, the Mexican customs at the port of entry must be notified at least 15 days in advance of departure from the country.

The use of foreign currency is prohibited and unlawful in Mexico. Mexican currency can be obtained from banks and currency exchanges as needed.

RE-ENTERING THE UNITED STATES. When re-entering the United States from Canada or Mexico, customs regulations require that all persons (aliens or citizens) report for customs inspection. There is a penalty for failure to report. Smallpox vaccination certificates are required for re-entry into the United States from Mexico.

Each individual resident of the United States is allowed to bring back, tax and duty free, up to $200 worth of personal goods. Members of a family group may pool all their importations in one declaration. However, this exemption does not apply unless you have been in Mexico 24 hours, and Canada 48 hours. Such exemptions are granted only once in a 31 day period. An additional exemption of $300, or a total of $500 each is allowed if their stay has been 12 days or longer. This is providing such an exemption has not been claimed within the preceding 6 months. It is advisable when buying articles to ask for bills of sale to be shown as evidence in customs offices.

ENTERING MEXICO

All you need is a Tourist Card which can be obtained in the states from your nearest Mexican Consul, Mexican Tourist Office or at the border. Tourist cards are issued on proof of citizenship, such as birth certificate, naturalization papers, voters registration card or poll tax receipt. Temporary importation of cars into Mexico requires proof of ownership before Mexican Customs at port of entry. Certification of small pox vaccination required upon re-entering the U. S.
